Dear Sir:

The following is a Terminal Disclaimer as to U.S. Application Serial Nos. 09/727,852
and 09/723,253 ("the '852 application" and "the '253 application", respectively), submitted to

**PATENT

expedite prosecution and allowance, in response to the Examiner's request therefor, without any prejudice, admission, surrender of subject matter, or any intention of creating any estoppel as to equivalents. The Commissioner is authorized to charge \$110.00 in payment of the fee for filing and recordal of a Terminal Disclaimer and is hereby authorized to charge any additionally required fee therefor or credit any overpayment to Deposit Account No. 50-0320.

I, Thomas J. Kowalski, declare and state that I am the attorney of record and that I am authorized to execute terminal disclaimers on behalf Danisco A/S ("Danisco"), the assignee of the above-captioned application and both the '852 application and the '253 application;

That Danisco A/S has a place of business at Largebrogade 1, DK-1001 Copenhagen K, DENMARK;

That Danisco is the assignee of the entire right, title and interest in, to and under U.S. Patent application Serial No. 10/040,394, filed January 9, 2002 ("the above-captioned application"), as a divisional of U.S. application Serial No. 09/402,664 (now U.S. Patent No. 6,406,723, "the '664 application") by virtue of the assignments from the inventors recorded at the U.S. Patent and Trademark Office on November 15, 1999 set out at Reel: 010380, Frame: 0060, in the '664 application;

That Danisco is the assignee of the entire right, title and interest in, to and under U.S. Patent application Serial No. 09/723,253, filed November 27, 2000, by virtue of the assignment therein from the inventor recorded at the U.S. Patent and Trademark Office on April 6, 2001, at Reel: 011673, Frame: 0895 (copy attached);

That Danisco is the assignee of the entire right, title and interest in, to and under U.S. Patent application Serial No. 09/727,852, filed December 1, 2000, by virtue of the assignment therein from the inventor recorded at the U.S. Patent and Trademark Office on April 2, 2001, at Reel: 011651, Frame: 0444 (copy attached along with a copy of the request for a corrected assignment recordation notice filed concurrently herewith);

That Danisco hereby disclaims the terminal part of any patent granted on the above-captioned application which would extend beyond the expiration date of the full statutory term of the either the '253 application or the '852 application, the lesser of the two currently being 20 years from the November 27, 2000 filing date of the '253 application;

PATENT
674509-2045.1

That Danisco hereby agrees that any patent so granted on the above-captioned application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to the lesser of the '253 and '852 applications, this agreement to run with any patent granted on the above-captioned application and to be binding upon the grantee, its successors or assigns; and

That no terminal part of any patent granted on the above-captioned application is disclaimed prior to the full statutory term of the lesser of the '253 and '852 applications, in the event that said '253 or '852 application earlier expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or is terminally disclaimed under 37 C.F.R. §1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to expiration of its full statutory term, except for the separation of legal title stated above;

That in accordance with 37 C.F.R. § 3.73(b), the undersigned attorney of record, empowered to sign this Statement on behalf of Danisco, states that Danisco is the assignee of the entire right, title and interest in the patent applications identified above (the above-captioned application and the '253 and '852 applications) by virtue of the assignments identified above;

And thus, that the undersigned has reviewed documents in the chain of title of the patent applications and patent identified above and, to the best of the undersigned's knowledge and belief, title is in the assignee identified above.

Reconsideration and withdrawal of the double patenting rejections are respectfully requested.

Respectfully submitted,

ASSIGNMENT

I, Jørgen Borch SØE who reside respectively at Orøvaenget 11, 8381 Mundelstrup, DENMARK, have made certain inventions or discoveries (or both) set forth in an application for Letters Patent of the United States of America entitled "**METHOD OF IMPROVING DOUGH AND BREAD QUALITY**" and **Danisco A/S**, whose address is Langebrogade 1, P.O. Box 17, DK-1001, Copenhagen Ø, DENMARK, and which, together with its successors and assigns is hereinafter called "Assignee," is desirous of acquiring the title, rights, benefits and privileges hereinafter recited, and of confirming the same or any part thereof heretofore acquired by Assignee.

Now, therefore, for valuable consideration furnished by Assignee to me, receipt and sufficiency of which I hereby acknowledge, I hereby, without reservation:

1. Assign and convey to and confirm in Assignee the entire right, title and interest in and to said invention and discoveries, said application for Letters Patent of the United States of America, any and all other applications for Letters Patent on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation and Convention applications based in whole or in part upon said inventions or discoveries or upon said applications, and any and all Letters Patent and reissues and extensions of Letters Patent granted for said inventions and discoveries or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said discoveries, said applications and said Letters Patent;
2. Authorize Assignee to file and prosecute patent applications in any or all countries on any or all of said inventions and discoveries in my name or in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or otherwise;
3. Authorize and request the Commissioner of Patents of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters Patent to Assignee, as assignee of the entire right, title and interest therein or otherwise as Assignee may direct;
4. Warrant that I have not knowingly conveyed to others any right in said inventions, discoveries, applications or patents or any license to use the same or to make, use or sell anything embodying or utilizing any of said inventions or discoveries; and that I have good right to assign the same to Assignee without encumbrance;
5. Bind my heirs and legal representatives, as well as myself to do, upon

PATENT
674509-2026

Assignee's request and at its expense, but without additional consideration to me, all acts reasonably serving to assure that the said inventions and discoveries, the said patent applications and the said Letters Patent shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by me or my heirs or representatives if this assignment had not been made; and particularly to execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee; to communicate to Assignee all facts known to me relating to said inventions and discoveries or the history thereof; and to furnish Assignee with any and all documents, photographs, models, samples and other physical exhibits in my control or in the control of my heirs or legal representatives and which may be useful for establishing the facts of my conceptions, disclosures, and reduction to practice of said inventions and discoveries.
